This Flashpoint sales mix report contains a summary of all the sales by Employees. This report calculates the quantity, and the total amount by major and minor categories.

The Summary by Employee Report will show these fields:

- The name of the major category
- The name of the minor category linked to the major category
- The quantity sold for each Employee in that category
- The percentage of minor and major
- The percentage overall
- The total quantity of items in the minor category
- The grand total of the major category
